Remarks

Welcome to 19811 Shiawassee, a well-maintained 1-story brick ranch offering 3 bedrooms and 1.5 bathrooms. The open-concept living room, dining area, and kitchen were updated in 2023, featuring modern finishes and new luxury vinyl flooring. The primary bedroom includes an additional bonus space, ideal for a home office, sitting area, or workout nook. Major updates include a new roof (2021), hot water heater (2024), and furnace (2025) providing peace of mind for years to come. The home also offers a finished basement, perfect for additional living space, and a 2-car attached garage for added convenience. Situated on a low traffic, no-outlet block, this move-in ready home combines comfort, updates, and location.
